

MINNESOTA MILITARY RADIO

MAKE A DIFFERENCE

About Us

With nearly 370,000 veterans and tens of thousands of guard, reserve and active troops but no full-time federal military bases, Minnesota is a state that knows that its communities have a commitment to support our neighbors who serve and their families. Minnesota Military Radio is a reflection of that commitment.

As a Vietnam veteran, volunteer host [Tom Lyons](#) is driven to make a difference for today's service members, veterans and their families. By exploring everything from new nation-leading initiatives in our local [VA](#) facilities to the efforts of our small town [yellow ribbon](#) networks welcoming their troops home, we hope to inspire others to step up and help in their communities. Through captivating and [historic interviews](#) with veterans of all eras, we also strive to preserve the stories of heroism that may otherwise be forgotten.

On a Station Near You

[Twin Cities News Talk](#) and Clear Channel Minneapolis generously donate studio and staff time, technical expertise and the equipment needed to produce the show both in-studio and live from more than [6,700 miles away](#) with members of our armed forces deployed to the Middle-East. Even with this considerable investment, Clear Channel Minneapolis continues to offer the show free of charge to stations throughout Minnesota. Please feel free to listen to our [demo](#), take a look at our [clock](#) and [contact us](#) to find out more.

Awards

We are proud recipients of two 2012 Gold MarCom Awards, a 2012 Gold Hermes Award as well as the 'Best Radio Information Program' in the 2011 & 2012 Army National Guard Media Contests.
